

**MID-SIZED ORNAMENTAL GRASSES**

separate or blend strong flower colors in the garden. Their year-round beauty provides eye appeal when fall gardens can look tired. Perfect for our humid hot summer weather, they almost thrive on neglect, and are not fussy about soil. Useful on a slope where it may be difficult to mow, or at the seaside, waterside, or in a naturalized area, grasses are so versatile. Try them in fresh or dried flower arrangements.

**MID-SIZED GRASSES**

Miscanthus Dixieland

Miscanthus Little Nicky

Miscanthus Yaku Jima
